

[Register by Tuesday, June 15 for discounted registration fees](#)

The early bird rate for M&M 2021 has been extended to June 15! We're excited to present a phenomenal lineup of educational and scientific programming during this year's virtual conference. Have you registered yet? There's still time for you to save at the early bird rate! Here's a reminder of what you can expect:

- **Plenary Session** with lectures from 2020 Kavli Awardee, **Ondrej Krivanek, PhD**, and COVID-19 vaccine developers **Kizzmekia S. Corbett, PhD** and **Jason McLellan, PhD**.
- **Broader participation and more flexible access**
  - Live-chat Q&A with session speakers following each session
  - Recordings available to view post-conference
- **Educational platform and poster sessions** that showcase the latest innovative applications and instrumental developments in the biological, physical, and analytical sciences.
- **A dynamic lineup of live-presented and on-demand** (*view at any time*) sessions.
- **Interactive experiences** allowing attendees to engage and exchange information with their scientific colleagues and delve further into topic discussions.
- **Networking opportunities** with fellow attendees through one-on-one scheduled and ad-hoc meet-ups available through the online platform.
- **And much more!**
